

# Phonics Screening Check Parent's Meeting

Wednesday 24<sup>th</sup> May 2023

# What is Phonics?

Children begin to learn phonics (sounds) in Early Years, both nursery and reception. Once children begin learning sounds, these sounds are used orally to identify and make words. They will then begin to learn the letters which make each of the sounds and these are used to read and spell words.

Once children begin learning sounds, these sounds are used orally to identify and make words. They will then begin to learn the letters which make each of the sounds and these are used to read and spell words.

# What is the Phonics Screening Check?

Children in Year One throughout the country will all be taking part in a phonics screening check during the same week in June (Week beginning 12<sup>th</sup> June). Children in Year Two will also take the check if they did not achieve the required result when in Year One or they have not taken the test before.

Headteachers should decide whether it is appropriate for each of their pupils to take the phonics screening check. The phonics screening check is designed to confirm whether individual children have learnt phonic decoding and blending skills to an appropriate standard.

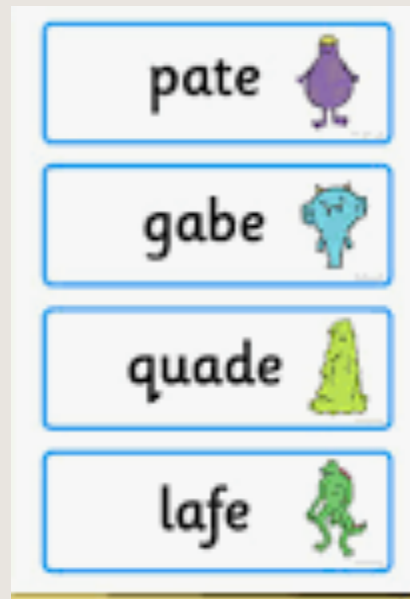

# What Happens During the Test?

- The test contains 40 words. Each child will sit one-to-one and read each word aloud to an adult. The test will take approximately ten minutes per child, although all children are different and will complete the check at their own pace. The list of words the children read is a combination of 20 real words and 20 pseudo words (nonsense words).

# Pseudo Words (Nonsense Words)

- The pseudo words will be shown to your child with a picture of an alien. This provides the children with a context for the pseudo word which is independent from any existing vocabulary they may have. Pseudo words are included because they will be new to all pupils; they do not favour children with a good vocabulary knowledge or visual memory of words.

# Reporting to Parents

- By the end of the summer term all schools must report each child's results to their parents. They will also confirm if the child has met the standard threshold. Children who do not achieve the expected level will retake the test when they are in Year 2. The pass mark since the statutory screening began has been 32 out of 40.

## How Are the Results Used?

- Results from the check will be used by schools to analyse their own performance and for Ofsted to use in inspections.

# How Can I Help My Child at Home?

- Play lots of sound and listening games with your child.
- Read as much as possible to and with your child.
- Encourage and praise - get them to have a 'good guess'.
- If your child is struggling to decode a word, help them by encouraging them to say each sound in the word from left to right.
- Blend the sounds by pointing to each one, e.g. /c/ in cat, /p/ in pat, /ng/ in sing, /ee/ in been. Next move your finger under the whole word as you say it.
- Discuss the meaning of words if your child does not know what they have read.
