

## Maths

This term in maths our focus will be fractions. Within this unit, we will be looking at the following areas:

- Fractions: equivalences and simplifying, comparing and ordering, adding and subtracting and solving problems involving fractions.

## English

The text we will be basing our learning on this term is called 'Cosmic' by Frank Cottrell-Boyce. It is about a young boy (who just so happens to be very tall for his age) who accidentally ends up in space. We will be writing a persuasive letter based on this text.

## Religious Education

The title of this terms R.E module is 'Humanism'. We will look at this way of living and thinking and explore the values of a humanist.

# Wolves Class Term 3

## 50 Things

Visit a museum  
Tuesday 20<sup>th</sup> Jan –  
Natural History  
Museum

## Science – Biology

'Evolution and inheritance' is the title of our This term in Science we will be studying 'Variation and Adaptations' focusing on the concept of evolution in living things. During our trip to the Natural History Museum, we will be engaging with a workshop that helps us to understand change over long periods of time.

## History

Significant Explorers will be our topic this term. We will be looking at migration vs. exploration and why Mount Everest is an important mountain for climbers. We will also compare the experiences of different explorers.
