

Maths - Explore different interpretations and representations of fractions

- Equivalent fractions
- Represent fractions greater than one as mixed number and improper fractions
- Add and subtract fractions with the same denominator including fractions greater than one

English

The books we will be exploring in term 3 are 'Charlotte's Web' by E.B. White and the non-fiction text will be 'A galaxy of her own' by Libby Jackson. Both texts shall influence some creative writing as well as some non-fiction writing.

Religious Education- What kind of world did Jesus want?

By the end of this terms RE unit children should be able to list two distinguishing features of a parable, make clear links between the story of the Good Samaritan and the idea of the Gospel as 'good news' as well as offering some ideas about the meaning of the Good Samaritan story to Christians.

Fox Class-Term 2

Music

Listening:

Describing, comparing and evaluating music using musical vocabulary.

Science- States of Matter

Children will learn about states of matter. They were compared and group materials together, according to whether they are solids, liquids or gases. They will observe that some materials change state when heated or cooled, and they will identify the parts played by evaporation and condensation in the water cycle.

50 Things

7 Create some wild art

Computing

This terms unit is the first of the two programming units in Year 4, and looks at repetition and loops within programming. The children will create programs by planning, modifying, and testing commands to create shapes and patterns.

History

In this terms history lessons the children will be learning about another significant civilization, the Vikings. The Vikings, from Scandinavia, were excellent sailors, explorers and warriors. The children will be using their Historical skills to find out their beliefs, where they settled, main events that happened during their timeline and their travel and exploration.

Art and D&T

Our art learning this term surrounds the theme of royalty. We will be looking at the artist Hans Holbein the younger and will be creating posters using chalk or pastels. Within DT the children will be learning about structures and how some shapes are more rigid than others. They will then use this knowledge to construct their own bridges.

Geography

In our geography learning this time the children will be exploring Europe. They will be using their geography skills to compare and contrast the location of Europe and North America, organise information about common words and phrases in three European languages and graph the population of countries in Europe.
