1. Accessibility Aims

Aletheia Academies Trust (AAT) has adopted this accessibility plan in line with the individual Special Educational Needs (SEND) policies of academies within the Trust, with the aim of ensuring that our schools are socially and academically inclusive, that students have access to a full curriculum and that all students are appropriately challenged.

This policy is a localised adaptation to the plan to take into account the unique physical setting and the wide range of needs of pupils at Saint George's.

All schools are required, under the Equality Act 2010, to have an accessibility plan.

The purpose of the plan is to:

- ▶ increase the extent to which pupils with disabilities can participate in the curriculum
- ▶ improve the physical environment of the school to enable pupils with disabilities to take better advantage of education, benefits, facilities, and services provided
- ▶ improve the availability of accessible information to pupils with disabilities

The Trust aims to treat all its students fairly and with respect. This involves providing access and opportunities for all students without discrimination of any kind. At the heart of our vision is the belief in inclusive, educational excellence; the belief that we are called to serve all pupils, staff, parents, and the local community by providing places where all develop and thrive intellectually, socially, culturally, and spiritually.

The AAT Board of Trustees and Saint George's Governors recognise the need to make all reasonable provisions for the admission and education of pupils with disabilities. Where possible, our Executive Headteacher and senior leaders ensure that:

- ▶ the curriculum is continually reviewed to ensure that pupils with disabilities are not disadvantaged in any way and that all subjects and activities are available to them
- ▶ they do everything possible within budgeted resources to improve the physical environment by making reasonable adjustments, when and where necessary, to allow the movement of pupils with disabilities around the academy
- ▶ they review the admissions policy so that reasonable adjustments may be made for pupils with disabilities seeking admission to the academy
- ▶ ensure training for both teaching and support staff is implemented and evaluated so that they are aware of, and able to meet, the needs of pupils with disabilities
- ▶ they closely monitor and evaluate a range of student data to ensure that the needs of pupils with disabilities are met and, in many cases, exceeded through implementing additional support and intervention strategies to reduce or remove any barriers to learning
- ▶ they keep up to date with developments discussed in the Equalities Best Practice Team

This policy will be made available online on the Saint George's website, and paper copies are available upon request. It should be read in conjunction with our SEND policy, SEN Information Report and Examinations Policy. The SEND policies outlines our provision for supporting students with SEND and the Trust's Single Equality Scheme explains how we aim to ensure equal opportunities for all our students through increased access to the curriculum, improving the physical environment throughout the Trust and enhancing the availability of access to information, with a focus on students with SEND.

Our SEND policy can also be located on the school website.

AAT is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues. The Trust has commissioned an Equalities Group that will share best practice, and Saint George's staff and pupils will play a full part in this strategy.

We aim to develop and implement this plan by actively engaging with colleagues throughout the Trust, and with external colleagues, including the Gravesend Central Community of Schools (for SEND) and the Gravesham Inclusion Forum Teams (GIFT).

The AAT complaints procedure covers the accessibility plan. If you have any concerns relating to accessibility in any academy, within the Trust, this procedure sets out the process for raising these concerns.

We have included a range of stakeholders in the development of this accessibility plan, including colleagues from across the Trust.

2. Accessibility Action Plan

This Action Plan sets out the aims of our accessibility plan in accordance with the Equality Act 2010 and acts reflects the needs of pupils within Saint George's.
