

Home Learning Policy (Primary Phase)

At Saint George's Church of England Primary Phase, we feel that children's home learning should be flexible and informal, therefore more able to fit in with busy family lives, whilst at the same time, developing parental links with school and their child's learning.

Our home learning will be as follows:

EYFS

- All pupils are expected to share their book with an adult at home daily – adults are advised to record reading in children's reading record books
- Weekly home learning ideas will be sent home linked to the current theme/topic of learning
- Phonics and number recognition games will be sent home each term

Key Stage One

- Each term children will bring home a termly topic grid outlining all of the activities children will be taking part in for that term, as well as direct learning that will take place. There will be a section with home learning ideas linked to this topic/theme.
- Families have the flexibility to select tasks and plan when and how they will do these. All the activities on the grid are optional and can be adapted to suit each child and their family.
- We encourage families to support pupils to complete at least one task a week.
- The pupils will have a homework book should they wish to record and share any work completed. Children will be praised for their home learning efforts and issued dojo points.
- There will be practical and creative ideas to, which can be brought into school, shared with each other and displayed in class.
- All pupils are expected to read at home daily – parents are expected to record reading in children's reading record books.

Key Stage Two

- Home learning builds on from Key Stage One, with lengthier pieces of home learning to complete. These will be sent home in the same form as Key Stage One, in a termly grid.
- All children will be given Times Table Rockstars log ins and will be expected to access and complete the games set each week.
- All pupils are expected to read at home daily – parents are expected to record reading in children's reading record books.
- Children will be rewarded for their completed home learning with dojo points.

We hope we have parents continued support in engaging in the learning process with their children and in their support of school and home learning. Yearly surveys will be sent home to parents to give school a good understanding of how to improve home learning and support parents with their children's learning at home.
